Thais Chloe Campanac-Climent

7218 Chatham Green Drive, Sugar Land, TX 77479 | (713) 382-0965 | tcc180002@utdallas.edu

Education

Bachelor of Science: Software Engineering   June 2023 | Richardson, TX
University of Texas at Dallas   GPA: 3.813/4.0

Relevant Coursework: Computer Architecture, Data Structures and Introduction to Algorithmic Analysis, C/C++ Programming in a UNIX Environment, Software Engineering, Operating Systems Concepts, Artificial Intelligence, Database Systems

High School Diploma   May 2019 | Sugar Land, TX
William P. Clements High School   GPA: 3.6/4.0

Magna Cum Laude Graduate, Awarded 3 years of Academic Excellence and Most Distinguished Student in French

Skills

- Programming Languages: Java, C++, MIPS, C, Bash, HTML, CSS   Operating Systems: Unixs
- Microsoft PowerPoint, Word, Excel, Pages
- Advanced French Language

Programming Projects

Sorting Algorithms Analysis Project   September 2020
- Implemented basic sorting algorithms into a GUI with user choice on the type of list created and results from the sorting algorithm used (i.e. amount of time, memory, movement, comparisons)
- Programmed a Best Algorithms feature where the program determines the type of list inputted and the most efficient algorithm for the given list

Merge Sort Project   May 2020
- Programmed the Merge Sort Algorithm with user input list feature in MIPS programming language
- Used an Iterative Algorithm

Activities

Coursera Student   June 2019 - Aug 2019
Google CSSI
- Created programs to sort earthquake data (based on magnitude, depth, and location) and used the Markov Chain to create a word generator
- Collaborated with other students and TA weekly on course material; attended resume workshops
- Earned a certificate from Duke University for Java Programming: Principles of Software Design and

EPICS Student and WebMaster   *Aug 2020 - Dec 2020*
FACE Project
- Created an innovative solution for the community organization FACE to streamline their work from interview to report with AllProWebTools
- Collaborated with other students, mentor, and our clientele with the goal to create a MVP for FACE
- Maintained a WordPress website for the FACE project as WebMaster by creating update posts and added more details about the project

Rifle & Saber Member   July 2015 - Dec 2017
William P. Clements High School Color Guard
- Gained the title of JV Co-Captain during freshman year while collaborating with co-captain and lieutenant
- Competed in the finals of national and state competitions

Community Service

Management   Dec 2017 - Nov 2018
Library Cafe   Sugar Land, TX
- Student representative to FBISD conference to discuss the students' role in the library
- Managed and documented money transactions, took and carried out orders by the customer, and suggested ideas on possible improvements to the cafe
- Improved teamwork and communication skills with customers
